

Club teams, We hope you had a great holiday and are getting ready for the New Year! That means a whole new season of dragon boat racing. As you get together with your team and begin to plan your season, we hope you will be sure to put Lake Hernando Dragon Boat Festival on your calendar to end the season with a bang! Our event is on November 11th, 2017.

We have from what many of you have said, one of the best sites to do dragon boat racing, calm water, great weather and the best viewing of the races. We are keeping our registration fees the same as last year, low and affordable, so you all can attend this event. We want to see you here in November, many of our club teams that participated last year said it was the best event of the season!

We as always are doing the 10 and 20 person boats. Feel free to email me or call me and let's see you here! Our website is: lakehernandodragonboatfestival.com
